

PURPOSE

In response to the rapidly evolving coronavirus pandemic, **Greater Cincinnati Foundation (GCF)** and **United Way of Greater Cincinnati (UWGC)** have activated a cross-sector regional response fund to quickly address the critical needs of our community.

This Fund will support our region's most vulnerable affected by the health, economic, education, housing, and social impacts of the coronavirus. Leveraging trusted partnerships, the Fund will provide support to our neighbors in need through a strategic approach:

RESPONSE TO NEIGHBORS IN NEED

ASSISTANCE TO NONPROFITS

LONG-TERM ECONOMIC RECOVERY

PRIORITIES

Our initial goal is to raise **\$5 million**. These resources will be responsively allocated to nonprofit organizations meeting our region's most critical needs at this time. Resources will remain fluid as community needs and challenges evolve. Our immediate focus is to quickly assist local organizations on the front line directly helping individuals and families with critical needs related to:

- Food Insecurity
- Medical Needs
- Housing and Shelter
- Childcare and Eldercare

GCF or UWGC are not assessing administrative fees to this initiative.

WAYS TO GIVE

An anonymous donor is generously providing a \$250,000 match for donations made by:

- Text **RAPID** to **91999**
- Online at www.gcfdn.org/COVID-19
- Check to:
